RELEVANT EXPERIENCE

Freelance Technical Writer

April 2024 – Present

Remote

- Owned the full documentation lifecycle for developer-facing projects using a Docs-as-Code workflow to deliver API references and SDK guides.
- Documented TypeScript SDK methods and logic for the Sui blockchain platform, producing tutorials with working code examples.
- Validated REST API endpoints using Postman for testing, enforced style guides with Vale, and managed OpenAPI specifications for documentation projects.
- Integrated AI translation tools into CLI pipelines to implement automated internationalization workflows.

UX Writer, Culangex

December 2024 – January 2026

Remote

- Collaborated with cross-functional teams to co-author a comprehensive style guide that ensured consistent brand voice and met WCAG accessibility standards.
- Partnered with the agile development team to manage UI text and ensure seamless content integration throughout the software development lifecycle.
- Served as a key member of the Spanish localization team, translating user-facing content to position the product for a successful launch in Spanish-speaking markets.

Technical Writer, Felix Storch, Inc.,

March 2022 - February 2024

The Bronx, NY

- Managed the release cadence for 5 distinct brands, owning the end-to-end lifecycle of over 150 original and legacy manuals.
- Designed and implemented new document templates, successfully reducing manual production times by 40%.
- Improved product support and accessibility for LATAM markets by translating more than 25 technical documents into Spanish.
