SUMMARY

- **Technical writer with 4 years of experience** across technical and UX writing, including 2+ years creating **developer-facing documentation** for SDKs, REST APIs, and cloud-native observability platforms.
- **Cut documentation production time by 40%** by designing and implementing new document templates.
- Key UX Writing contributor for a new product, writing **intuitive microcopy** for the **onboarding flow** and co-authoring the **company style guide**.
- Proficient in **Docs-as-Code workflow** (Git, VSCode, Markdown, Docusaurus (static-site generator)), **API Documentation** (REST, OpenAPI, Postman, Swagger); comfortable reading and writing **TypeScript and JavaScript** for SDK documentation; fluent in Spanish.

RELEVANT EXPERIENCE

UX Writer, Culangex

December 2024 – January 2026

Remote

- Contributed to crafting the end-to-end user journey by writing intuitive **microcopy** for the initial product launch, including the complete **onboarding flow**, tooltips, and all success and error states.
- Collaborated with a team of UX writers, designers, and marketers to co-author the company's first comprehensive **style guide**, defining a consistent brand voice and ensuring content meets **WCAG accessibility standards**.
- Served as a key member of the Spanish **localization** team, partnering with language experts to translate all user-facing content and position the product for a successful launch in **Spanish-speaking markets**.
- Worked with stakeholders to translate complex product features into a compelling narrative for the **investor pitch deck**, helping to articulate the company's vision and secure buy-in.
- Worked with the **agile** development team to manage **UI text**, advocate for user-centric language, and ensure seamless content integration throughout the development lifecycle.

Freelance Technical Writer

April 2024 – Present

Remote

- Owned the full documentation lifecycle for developer-facing projects using a **Docs-as-Code** workflow (**Docusaurus**, **Markdown**, **GitHub**), delivering API references, SDK guides, and architecture documentation for cloud-native and blockchain platforms.
- Documented **TypeScript SDK** methods, type definitions, and RPC node logic for the Sui blockchain platform, producing API references and tutorials with working TypeScript and JavaScript code examples for a developer audience.
- Validated and documented **REST API** endpoints for an observability pipeline ingestion service and a fintech payment platform, using **Postman** for response testing, **OpenAPI** for specification, and **Vale** for automated style guide enforcement.
- Implemented **automated internationalization (i18n)** workflows by integrating AI translation tools into **CLI pipelines**, streamlining multilingual site deployment.
- Authored **Standard Operating Procedures (SOPs)** to enable non-technical teams to contribute to **GitHub wikis** directly via MS Word, improving internal knowledge sharing.

Technical Writer, Felix Storch, Inc

March 2022 - February 2024

The Bronx, NY

- Managed the release cadence for 5 distinct brands as the **sole technical writer**, owning the end-to-end lifecycle of 150+ manuals.
- Authored original documentation for **new product launches** while simultaneously **auditing and revitalizing legacy assets**.
- Participated in **product testing** and documentation reviews to ensure accuracy and usability.
- Designed and implemented document templates, **reducing manual production times by 40%**.
- Collaborated with cross-functional teams, including SMEs and customer support, to integrate user feedback, **improving manual usability by 30%**. Worked with marketing to **write SEO-optimized product copy**.
- Improved product support and accessibility for existing LATAM markets by **translating 25+ technical documents into Spanish**.
- Leveraged Adobe Suite tools (**InDesign**, **Illustrator**) to design packaging materials, ensuring compliance with branding guidelines.
- Conducted **thermodynamics research**, enabling **accurate and concise technical explanations** for product manuals.

Freelance English Tutor

November 2014 - March 2022

New York, NY

- Educated and guided students in **mastering fundamental writing mechanics and comprehending complex texts**, utilizing targeted mini-lessons to clarify challenging concepts and address individual learning needs.
- Systematically **monitored student performance** and provided constructive feedback, demonstrating a **pedagogical approach** directly applicable to leading contributor training and ensuring documentation quality.

Journalist, The Borgen Project

June 2020 - January 2021

Remote

- Researched and published 15+ high-impact SEO-optimized articles on international poverty and humanitarian policies.
- Conducted **in-depth interviews with experts**, enhancing the credibility and depth of articles.
- **Optimized content for SEO**, resulting in a **30% boost** in article visibility and engagement.

Trade Editorial Intern, W.W. Norton & Company

January 2019 - April 2019

New York, NY

- **Drafted and edited marketing materials** for 10+ published works.
- **Coordinated with authors** and vendors to ensure the timely delivery of promotional materials.
- Assisted senior editors in **line-editing manuscripts, reducing review cycles by 25%**.

Media Services Technician, New York City College Of Technology

February 2015 - January 2016

Brooklyn, NY

- **Delivered A/V solutions** for 50+ campus events annually, achieving excellent customer satisfaction scores.
- **Authored technical guides and FAQs, streamlining user support processes by 20%**.
